Vicky van der Merwe

Nature Management

My Unique Value Proposition:

*I am a **Nature Management Conservationist** that can achieve results through my conscientiousness and interpersonal skills. I am a hard-working person who takes responsibility and welcomes a new assignment. I pride myself in my ability to work independently and affectively, but also are adaptable to work with a team. I am practical, confident and a reliable person with a great passion for nature, wildlife, outdoors and art.*

My Personal Goal as a Conservationist:

"I want to remember, but also teach others that we must take responsibility for wildlife and nature. To have respect and love all living thing, but also give a voice to those that cannot speak. Also, to conserve and protect the nature to make a difference in the future of Namibia"
