Dear: Sir/Madam

As a long term admirer of the impressive work being done at the institution, I am delighted to submit my application for the Cooperative Work Integrated Section. As a recent graduate from the University of Namibia with a Diploma in Natural Resource Management and now studying to acquire my Degree in Integrated Environmental Science, I am confident that my knowledge in the management of natural resources and precise attention to details would make me an asset to the team at the Cheetah Conservancy.

In my former role as a student at various organizations, I was attached Directorate of Forestry and the Ministry of Environment and Tourism. We used to go in the field and sometimes we did administrative work. I'm sure that this experience will help me start contributing to the University.

Currently as a 3rd year student, I believe the Cheetah Conservation Fund will be a great success for the period of my internship and expertise will help ensure your institution succeeds well in the future, and I sincerely hope I can contribute soon as a member of your team.

Thank you for your time, and I am looking forward hearing from you.

Sincerely

Fillemon Amweenye
