REQUEST FOR INTERNSHIP FOR MR. GONDOLF KANNYINGA

The Faculty of Economic and Management Sciences (FEMS) and the University of Namibia at large recognize the importance of students' internship placement in promoting workplace based learning. The university highly appreciates institutions that take up students for internships and value the practical skills they gain during their internships because it complements their academic knowledge.

I therefore recommend that you allow Mr. Kannyinga an opportunity to do internship at your institution. Mr. Kannyinga (student number: 201710270) is a Bachelor of Public Management (Honours) final year student.

Kind Regards,

Mr. Samuel Nakale

Lecturer and FEMS's Work Integrated Learning Coordinator
