LETTER OF SUPPORT FOR ISRAEL JOSUA SHIIMI UUTONI

This serves to confirm that Mr Josua Uutoni, student number 2180 58292, is registered as a first-year academic full-time student in the Programme: Bachelor of Town and Regional Planning (NQF Level 7) for this 2018 academic year.

This letter must preferably be supported with an official Academic Record and Certificate of Good Standing in terms of the student's academic and financial standing with NUST, which are exclusively issued by the Office of the Registrar of the Namibia University of Science and Technology and not the Department of Architecture and Spatial Planning.

Mr Uutoni attended one of the courses I delivered, namely Introduction to Land Use Planning and Management (ILP510S) in the first semester of 2018. His tests marks and class attendance record were in line with and in some cases above the class averages. This resulted in a semester mark of 70%, which allowed Mr Uutoni to complete the relevant examination. The final mark for the ILP510S course was 65%, which can be confirmed with the Office of the Registrar.

Mr Uutoni attended the ILP510S classes regularly. The class attendance records indicate that Mr Uutoni attended 71% of the classes.

Should you have any further queries in this regard, please feel free to contact me at the numbers or email address listed on the letterhead.

Yours faithfully

Nadine Korrubel
