**To whom it may concern**

**Reference letter for Mr. Petrus Sheelekeni Amutenya Autoni, Student number 201504249**

I have the pleasure to introduce to you Mr Petrus Sheelekeni Amutenya, a graduate in waiting at the University of Namibia. Petrus was a student in my Virology class of 2018 while doing his final year in BSc Honours Microbiology. He stood out among his colleagues in that he was interactive and participative and would handle and grasp difficult concepts fairly easily. I was particularly impressed by his sensitivity to the nuances within literature, his passion for reading, and his creative expressions - both in and out of the classroom. He also has a caring nature and personality which allowed him to work well with others in a team setting. Importantly, he always showed respect for his colleagues' opinions even when they differed from his own.

Petrus did his internship in the Department of Biological Sciences (UNAM) where he engaged in preparing Cell and Molecular Biology, Genetics and Microbiology and Biotechnology practicals. He also served as a laboratory demonstrator, helping first to third year biology students with their laboratory experiments.

At a personal level, Petrus is well-disciplined, industrious and a pleasant personality. I am certain that his personality, enthusiasm and creativeness will make him an asset to any organization that he joins. I highly recommend him for a microbiology/laboratory related job/internship position in your company/organisation. I am certain that you will find his talent, dedication, focus and intelligence rewarding.

Should you need me to clarify anything further, please feel free to contact me, I will be happy to help.

Yours Sincerely

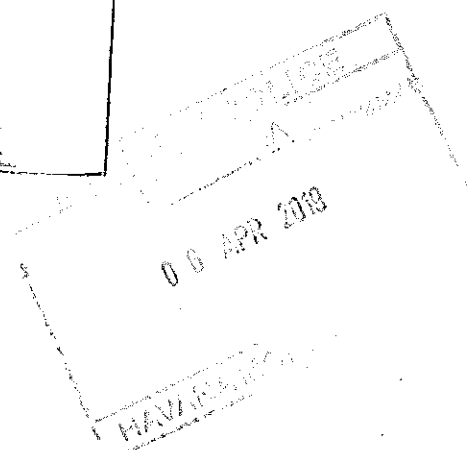

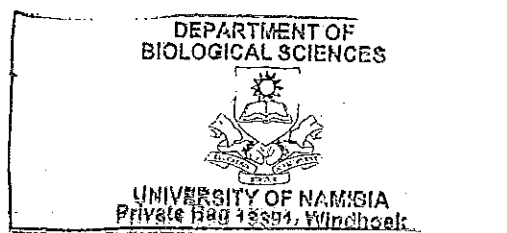

Dr. Timothy Sibanda

**TO WHOM IT MAY CONCERN**

Dear Sir/ Madam,

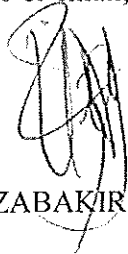

**RE: REFERENCE LETTER FOR Mr. AUTONI PETRUS SHEELEKENI AMUTENYA**  
**(STUDENT NUMBER: 201504249)**

I am writing this reference for Mr. Autoni Petrus Sheelekeni Amutenya who is in his BSc Microbiology final year at the University of Namibia. I have known him for the past three years in my capacity as a Lecturer in the Department of Biological Sciences.

As his Lecturer, Mr. Autoni Petrus Sheelekeni Amutenya took introduction to Microbiology in his second year and Microbial Ecology in his third year. Thus, I have had an opportunity to observe him participation and interaction in class and to evaluate Amutenya's knowledge of the subject matter. He is a very good student in all respects. Amutenya has proven that through hard work, follow through, and team work, he can accomplish tasks in a courteous and timely manner. Amutenya is a patient and compassionate and a rare type of student who combines exceptional natural ability with a willingness and eagerness to learn.

In conclusion, I would highly recommend Mr. Amutenya for your academic program. If his performance in my class is any indication of how he will succeed, Mr Amutenya will be a positive addition to the program. Please feel free to contact me with any additional questions you may have regarding Amutenya at +264 61 206 3736 or email, [juzabakiriho@unam.na](mailto:juzabakiriho@unam.na).
