RE: JOB ATTACHMENT LETTER FOR MECHANICAL ENGINEERING

This letter serves to testify that **Mr. Moses Nghinamundova** is registered with our Institution on a three years BTEC Diploma in Mechanical Engineering Level 3. She is currently in her second year of the program.

BTEC Diploma in Mechanical Engineering Level 3 is accredited by NQA and Ofqual. While the BTEC programs are localized in terms of teaching, assessment and application methodologies in order to meet Namibia's industry needs, they are internationally recognized by industries, higher learning institutions and professional bodies.

Mr. Moses Nghinamundova is currently doing the following units:

Year Three Units/Modules

Unit 1: Analytical Methods for Engineers
Unit 2: Engineering Science
Unit 22: Programmable Logic Controllers
Unit 21: Materials Engineering
Unit 24: Application of Pneumatics and Hydraulics
Unit 41: Fluid Mechanics
Unit 57: Mechatronics Systems
Unit 60: Dynamics of Machines

The student has proved to be highly capable in class and hope she will benefit from the industrial attachment.

The Institution is not bound to put on salary or wages, Remuneration will be up to the organisation.

Yours Faithfully

TO WHOM IT MAY CONCERN

This is to confirm that **Mr. Moses Nghinamundova** is registered with our institution on a three years BTEC Level 4 Diploma in Mechanical Engineering. He is currently in his 3rd year of the program.

BTEC Diploma in Mechanical Engineering Level 4 is accredited by NQA and Ofqual. While the BTEC programs are localized in terms of teaching, assessment and application methodologies in order to meet Namibia's industry needs, they are internationally recognized by industries, higher learning institutions and professional bodies.

BTEC Technical programs are the world's most successful and preferred applied learning qualifications, engaging students in practical, interpersonal and thinking skills for more than thirty years. BTECs are work-related qualifications for students taking their first steps into employment, or for those already in employment and seeking career development opportunities. BTECs provide progression into the workplace either directly or via study at university and are also designed to meet employer's needs.

Mr. Moses Nghinamundova is currently doing the following units:

Year Three Units/Modules

Unit 1: Analytical Methods for Engineers
Unit 2: Engineering Science
Unit 22: Programmable Logic Controllers
Unit 21: Materials Engineering
Unit 24: Application of Pneumatics and Hydraulics
Unit 41: Fluid Mechanics
Unit 57: Mechatronics Systems
Unit 60: Dynamics of Machines

Since he joined the institution, **Mr. Moses Nghinamundova** has demonstrated to have good team work, communicative and strong critical thinking skills and competencies.

Should you need any other information about the qualification or the student, please feel free to contact

Yours Faithfully
