Dear Sir/Madam

Application for Volunteering at Cheetah Conservation Fund (CCF)

I recently completed my undergraduate Higher Diploma in Animal health at Katima Mulilo Campus, University of Namibia

It is with great pleasure that I am applying for volunteering at your duty station, in the veterinary department and helping out in the laboratory center. Therefore, I would like to use this opportunity to get as much exposure as possible at your station. I would like to participate into activities undertaken by the staff at your station for a period of 6-7 weeks. I am a well driven, vibrant, hardworking person who is passionate about working with people, and I trust that I would be a good impact at your institution.

I am looking forward to be granted this opportunity to work with your team and derive as much knowledge and experience as I could.

Yours sincerely

Johanna Lukas
