Dear Mr./MRS./Ms.

I recently came across the internship/volunteer description on the Cheetah Conservation Fund website and I find my academic accomplishments meet the necessary requirements to work in a veterinary and genetics lab, which is why I was drawn to this opportunity.

As you will see from my accompanying resume, I am a fourth year Microbiology student and having the privilege to serve as an intern in your organisation labs will increase my learning opportunities and will give me the exposure I need to advance in my career. I previously held an internship at the University Microbiology and Molecular biology Lab and had the opportunity to apply scientific thought, rationale and approaches to research problems and laboratory investigations as well as write scientific reports and maintain lab operations and equipment. Due to this experience I am able to record, interpret and present data using statistical programmes, quantitative and qualitative techniques and spreadsheets. I am also well versed in PCR, DNA purification and quantification, media preparations, microbe isolation and equipment maintenance and cleaning. My skills combined with my educational knowledge in biology make me an ideal candidate for an internship position.

Enclosed please find my current copy of my resume. If you have any questions regarding how my skills fit with your organisation please contact me at (+264) 814283397. I may also be reached by email at caseynairenge@gmail.com. Thank you for your consideration, I look forward to hearing from you.

Sincerely

Nairenge MMC

Resume

Personal details

Surname : Nairenge
First name : Maggy
Other names : Mbava Casey
Date of birth : 9 November 1998
Sex : Female
Nationality : Namibian
Identity No : 98110900658
Residential address : Erf No. 1220, Liberty Island road, Rocky Crest, Windhoek , Namibia
Postal Address : P.O. Box 55077, Windhoek, Namibia
Contact No : (+264) 814283397
Email : www.caseynairenge@gmail.com

Objective and Statement

I am a fourth year Microbiology student at the University of Namibia, Department of Biological Sciences, looking to engage myself in challenging positions where I can prove my competencies and further develop my skills in the industry through internships. I am a team player with solid written and oral communication skills in English; strong planner and problem solver who readily adapts to change, is able to juggle multiple priorities and meet tight deadlines.

Educational background

Academic qualifications

UNIVERSITY OF NAMIBIA

Qualification: BACHELOR OF SCIENCE MICROBIOLOGY (HONOURS) [2017- Ongoing]

Online Certificate: What is Data Science (coursera) [2020]

Grade 12 Senior secondary certificate [2016]

Grade 10 junior secondary certificate [2014]

Skills

- Experienced in running laboratory investigations and bench studies, writing scientific reports and maintaining lab operations and equipment.
- Proficient in Microsoft Office products: Word, Excel, Power point and Publisher.
- Able to record, interpret and present data using statistical programmes, quantitative and qualitative techniques and spreadsheets.
- Able to conduct literature searches and critically evaluate information.
- Able to apply scientific thought, rationale and approaches.
- Attention to detail.
- Time management and Prioritisation.
- Work effectively in a team-oriented, collaborative Environment.

Language Proficiency

Language	Speaking	Reading	Writing
English	Excellent	Excellent	Excellent
Afrikaans	Fair	Good	Fair

Experience

Internship

Internship at the University of Namibia Department of biological sciences Microbiology lab [01 Sep 2020- 02 Oct 2020]

- Executed tests according to plan, while keeping procedural record and data log
- Assisted with solutions and media
- Plate pouring
- Processing glassware
- Autoclaving waste
- Maintained accurate records
- Set up lab experiments
- Responsible for the upkeep and cleaning of the lab and lab equipment
- DNA purification & quantification
- PCR
