Dear Sir/Madam

With due respect and honour to state that I am particularly interested in applying to work for your Organisation/ Business. I have gained great experience with my program in Nature Conservation and have also collected great knowledge on animals, plants as well as the relationship they have with the rest of the Ecosystem as a whole. I have also gained the beneficial skill of working with people with the help of one of my courses in Methodology of Environmental Education as well as my working experience with working with customers, which helped me to learn different approaches with different people and situations.

I wish to apply for your organisation as I feel it would give me great experience and a hands on platform to interact with animals and learn more about their individual behaviours and interactions with each other as well as the immediate ecosystem. I also wish to assist you anywhere I can in the aim of building vital experience as well as essential knowledge. I am ready to learn new things and expose myself to a different environment to encourage my ability to learn more. I also wish to expose myself to the opportunity of working alongside people who shares the same passion or seemingly similar interest in terms of caring and helping vulnerable animals and species.

I am communicative and social. I believe that I can acquire much information from your working environment but also provide your organisation with the knowledge I obtained from my current studies at Namibian University of Science and Technology. I am much organised, and I have a genuine passion for animals thus I wish to further my studies in Veterinary medicine once I complete my Bachelors with the Namibian University of Science and Technology.

I would greatly appreciate your acceptance of my candidature. You can contact me via my number 0815757612 or my email address mggroenewaldt.mgg@gmail.com at any time. Additional information about me are in my resume. I hope to receive a reply from you very soon. Thank You!!!

Kind regards
Monique Groenewaldt

Explanatory Notes

This statement of results is not a certificate. The Directorate of National Examinations and Assessment in collaboration with Cambridge International Examinations reserves the right to amend the information given on this statement, which will be confirmed by the issue of a certificate.

NSSC Ordinary Level results are reported on an 8-point scale of grades: A*(a*), A(a), B(b), C(c), D(d), E(e), F(f), G(g), Grade A*(a*) being the highest and Grade G(g) the lowest. UNGRADED indicates that the candidate's performance fell short of the standard required for Grade G(g).

NO RESULT indicates that a result cannot be issued because of absence for the whole or part of the examination in the syllabus or because of a decision not to issue a result for some other reason.

PENDING indicates that a result cannot be issued at present but will follow in due course.

The NSSC Ordinary Level Office Administration and Keyboarding Applications includes the assessment of typing speed which is reported separately as a words per minute endorsement. The words per minute will be recorded on NSSC certificates provided the overall syllabus result is Grade G(g) or higher.

Only subjects in which grade A*(a) to G(g) are attained will be recorded on certificates.
