Dear Sir/Madam

APPLICATION FOR INTERNSHIP: NATURAL RESOURCE MANAGEMENT

I, Victoria Mulyuu, a second year student studying for my Bachelor Degree In Natural Resource Management at the Namibia University of Science and Technology (NUST). I am required to do an Internship as one of my 3rd year modules. With great interest I hereby request for an admission as one of your 2021 intern. Presenting me this opportunity will allow me to build field work experience in Nature Conservation and Resource managing and while acquiring my knowledge I am carrying out a crucial academic requirement, Work Integrated Learning (WIL).

I'm intensively passionate about nature, wilderness, animals and the environment. Studying Natural Resource management allows me the chance to understand ways on how to conserve, protect and maintain healthy, functional ecosystems as well as ways on how to protect and conserve threatened animal species. Through practical, field work and excursions, I have acquired skills on field management, technical skills, plants and animal identification and so forth. Your work at Cheetah conservation fund Interests me a lot. The conservation, research and education on cheetahs that you do in your organization interest me a lot. I believe I will do great at your organization and I, as a student will learn a lot.

As an individual, I'm flexible; thrive under pressure, honest, straightforward and reliable. I will appreciate the chance to work in your organization. I am a fast learner and therefore will be able to carry out any tasks entrusted to me.

I would be delighted to be granted an opportunity to personally have an interview with you. Please accept my attached Curriculum Vitae and feel free to contact me at your earliest convenience. Thank you for your consideration.

TO WHOM IT MAY CONCERN

3 November 2020

I, the undersigned, take pleasure in testifying that Miss. Victoria S Mulyuu (student number 219050945) is a student at this institution since 2019, doing the Bachelor of Natural Resource Management (Nature Conservation).

In order to fulfill the requirement for the Bachelor, Miss Mulyuu has to do a Work-Integrated Learning period, which she qualifies to do as from March 2021. She is thus currently looking for a suitable Duty Station.

Due to the uncertainty of the Covid situation, it is now still unclear exactly how long the WIL period will be. More detail will soon be available, but students usually do a 5-month WIL period. The expectation is that WIL for the first semester of 2021 will be from 1 March 2021 until roundabout end of June 2021.

Your consideration to accommodate her will be greatly appreciated.

Should you have any questions regarding the Work-Integrated Learning period, please contact me.

Yours sincerely
