## CALLI FREEDMAN

October 31, 2019

Cheetah Conservation Fund

To Whom it May Concern,

I am very interested in volunteering with your organization in partial fulfillment of my duties with the Global Vets Program at the Ontario Veterinary College. I am a Phase II Student Veterinarian, but I am interested in volunteering in the summer of 2020, at which point I will be in Phase III of the Doctor of Veterinary Medicine Program. I believe that I possess the skillset and comprehension necessary to be a strong addition to the volunteer team.

In the application form, I have outlined various skills, qualifications, and experiences that I feel will be relevant to my roles as a volunteer at your organization. I feel that these qualities will prepare me for my duties and allow me to be an efficient and effective volunteer and contribute strongly to your team.

I am driven by my genuine passion for wildlife medicine and conservation and aspire to pursue a career in this field. I believe strongly in CCF's mission to implement a holistic approach to conservation and am very eager to be involved in these efforts.

Additionally, I am a part of a team of four veterinary students. In addition to myself, I am travelling with Harley English-Dixon, Kathryn Smith, and Sonja Ing, who have all also completed volunteer applications. We are looking for placements where we can work together as a team, and are ideally hoping to spend 2-3 weeks with your organization in total.

Thank you very much for taking the time to review my application. I look forward to hearing from you.

Sincerely,

Calli Freedman
