**TO WHOM IT MAY CONCERN**

**Dear Sir/Madam,**

**Re: Reference Letter for Ms Kaino Angula**

I am pleased to write a letter of recommendation for Ms Kaino Angula (student number 201506533) a final year student at the University of Namibia registered under the department of Biological sciences studying towards an Honours degree in Environmental Biology.

I personally taught Ms. Angula Aquatic Ecology and Ecosystem Ecology modules and am currently her supervisor for the Research Project. Her academic abilities are very good. She is a hardworking, dedicated and intellectually alert student who applies herself wholeheartedly to her studies. She is also a very focused and productive person who pays attention to details.

In addition, Ms. Angula has a pleasant and respectful character with the potential to succeed in any academic, research or job endeavors that she may wish to pursue. I strongly recommend her for any position or studentship that is in line with her qualification. If you need additional information, please do not hesitate to contact me.

Yours faithfully
